

Inspection, Repair & Training Services

Invest in your equipment and personnel

Water Weights maintain the best equipment rental fleet in the business. This is due to our commitment to the reliability and safety of our equipment and personnel.

We offer inspection and repair of client owned and leased equipment either at our premises around the world or at client facilities. In addition, we also offer an operator and maintenance training program to our clients.

Water Weights provides specialist products, design and site services in support of it's clients. We believe our employees bring a unique and valued perspective critical to our success as a company.

This is why we are fully committed to training and personal development. At Water Weights, our team is our best asset, and they enable us to deliver our products and services to the highest industry standards worldwide.
